A student must submit a signed written plan of the goals and deliverables for the course to the professor, who must also sign it to indicate approval. It must then be submitted, along with this form, to the CIS Administrative Coordinator who will verify requirements have been met, approve it, file it, and register the student for the course.

Under exceptional circumstances, a student and professor may ask the CIS Liaison Committee for a relaxation of these rules and this approval must be obtained prior to registration.
