Fall 2013

Distinguished Lecture Series
Temple University
Computer and Information Sciences

Tom La Porta
Pennsylvania State University
Quality of Information-Aware Networking
11:30 AM Friday, September 13, Barton 108A

Jin-Yi Cai
University of Wisconsin - Madison
Holographic Algorithms and Complexity Dichotomy Theorems
11:30 AM Wednesday, September 25, TECH Center 111

Lori A. Clarke
University of Massachusetts Amherst
Using Process Modeling and Analysis Techniques to Reduce Errors in Healthcare
11:00 AM Friday, November 1, TECH Center 111

Yann LeCun
New York University
Learning Representations of the Perceptual World
11:00 AM Wednesday, November 20, Barton 108A
