Attention Students!
Submit your computer and information sciences project for:

The Future of Computing
Student Project Competition
Computer and Information Sciences Department

April 13, 2013: 10:00 am to 1:00 pm
Buery Hall, Temple University Main Campus

DEADLINE FOR REGISTRATION IS: March 31, 2013
The competition is designed to recognize the best graduate and the best undergraduate student projects (three awards in each category). The projects may be course projects, research projects, or any CIS projects performed by a CIS student or a group of CIS students during the Fall 2012 or Spring 2013 semesters. The Award Committee composed of CIS students, faculty, and corporate sponsors will select the awardees. The selection criteria will be based on the following criteria:

- Most innovative and creative use of technology
- Project originality
- Usefulness to the proposed community of users
- Technology used in project development
- Project presentation and the quality of the project demo

There will be also a single award for the “Most Popular” project. It will be awarded based on votes of all attendees:

To present your project you will need a tri-fold or poster that highlights the key aspects of your project, laptop computer with a demo of your project on it. The demo may be running software, web pages you want to show, or a PowerPoint presentation. Please also prepare a short intro to your project (about a 3 minutes oral description of the key aspects) and be ready to answer questions to your project. Each presenting team will be provided a table for the computer and tri-fold.

We expect a large number of visitors from our department, Temple University, and local industry.

The awards for the best undergraduate projects are $750, $450, and $250.
The awards for the best graduate projects are $750, $450, and $250
