Administrative Stuff

- Install a JDK, Eclipse
- Start writing code!
- Lab 1 posted
- Lab 2 soon
- Reading: ch. 1-2
Last Time

- Lots of administrative stuff
- Major components of a computer
- Bits, bytes, etc.
- Common prefixes (kilo-, mega-, . . ., milli-, micro-, . . .)
- Higher- vs. lower-level instructions
- Job of the Java compiler
- Java program structure. Lots of boilerplate for now
- Naming rules, conventions
- Keywords
- String
- Escape sequences
- println()
- Comments
- Methods
